PEGASUS HAVA TAŞIMACILIĞI A.Ş. AND ITS SUBSIDIARIES

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AS OF 30 SEPTEMBER 2024

(Amounts are expressed full Euros (EUR) unless otherwise stated.)

NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1 Basis of Presentation

Functional and Presentation Currency

Although there is no prominent currency affecting revenue and cost of sales, the Company's functional currency is determined as Euro because; significant portion of scheduled flight revenues, which represents the Company's primary operations, is generated from European flights, Euro represents a significant component of the financial liabilities of the Company and management reports and budget enabling the Company's management to make executive decisions are prepared in Euro. The functional currency of the Company, its subsidiary and associates, other than Hitit Bilgisayar Hizmetleri A.Ş. ("Hitit Bilgisayar"), is Euro. Hitit Bilgisayar's functional currency is US Dollars.

For the companies in Turkiye that maintain financial records in TL, currency translation from TL to the functional currency Euro is made under the framework described below:

- Monetary assets and liabilities have been converted to the functional currency with the The Central Bank of Turkish Republic (CBRT) foreign exchange rate.
- Non-monetary items have been converted into the functional currency at the exchange rates prevailing at the transaction date.
- Profit or loss accounts have been converted into the functional currency using the exchange rates at the transaction date, except for depreciation expenses.
- The capital is followed according to historical costs.

The translation differences resulting from the above mentioned conversions are recognized under financial income / expenses in the statement of profit or loss.

Financial Reporting in Hyperinflationary Economies

In accordance with the POA's announcement dated 23 November 2023, companies applying International Financial Reporting Standards are required to present their financial statements for the annual reporting periods ending on or after 31 December 2023, adjusted for the effects of inflation in accordance with the relevant accounting principles in International Accounting Standard 29 "Financial Reporting in Hyperinflationary Economies" (IAS 29). Since the Company's functional currency is Euro as of the reporting date, there is no need to make any adjustments within the scope of IAS 29 in its financial statements to be prepared in accordance with IFRS. However, the financial statements as of 30 September 2024, prepared in accordance with the Tax Law, have been subject to inflation correction in accordance with the legislation.

Comparative Information and Reclassification of Prior Period Financial Statements

Consolidated financial statements of Group are prepared in comparison to prior period in order to identify financial position and performance trends. In order to maintain consistency with current period consolidated financial statements, comparative information is reclassified and material changes are disclosed if necessary. Group has not made any reclassification in the prior period consolidated financial statements in order to maintain consistency with current period consolidated financial statements.

NOTE 2 - BASIS OF PRESENTATION OF FINANCIAL STATEMENTS

2.1 Basis of Presentation

Basis of Consolidation

The following table illustrates the condensed consolidated subsidiaries and the Group's ownership percentage in these subsidiaries as of 30 September 2024 and 31 December 2023:

<u>Name of the company</u>	<u>Principal activity</u>	<u>Ownership rate</u>		<u>Country of registration and operation</u>
		<u>30 September 2024</u>	<u>31 December 2023</u>	
Pegasus Havacılık Teknolojileri ve Ticaret A.Ş.	Simulator technical support and maintenance	100%	100%	Turkiye
Pegasus Airlines Innovation Lab, Inc.	Technology – R&D	100%	100%	USA

The following table illustrates the affiliates and joint ventures then indicates the Group's ownership percentage in these joint ventures as of 30 September 2024, 31 December 2023:

<u>Name of the company</u>	<u>Principal activity</u>	<u>Ownership rate</u>		<u>Ownership type</u>	<u>Country of registration and operation</u>
		<u>30 September 2024</u>	<u>31 December 2023</u>		
Pegasus Uçuş Eğitim Merkezi A.Ş. ("PUEM")	Simulator training	49,40%	49,40%	Joint venture	Turkiye
Hitit Bilgisayar Hizmetleri A.Ş. ("Hitit Bilgisayar")	Information system solutions	36,82%	36,82%	Joint venture	Turkiye

(*) With the simulator sale in January 2023, PUEM stopped its main operations and the liquidation process continues.

2.2 Changes in Accounting Estimates

Changes in accounting estimates are applied prospectively. If the change is effective for a specific period, it impacts only that period. If they relates to future periods, they are recognized prospectively both in the current period and in the future period. Significant errors identified by the Group in the accounting estimates are applied retrospectively and prior period financial statements are restated. The Group has not made any changes in accounting estimates in the current reporting period.

2.3 The new standards, amendments and interpretations

The accounting policies adopted in preparation of the interim condensed consolidated financial statements as of September 30, 2024 are consistent with those of the previous financial year, except for the adoption of new and amended IFRS and IFRIC interpretations effective as of 1 January 2024 and thereafter. The effects of these standards and interpretations on the Group's financial position and performance have been disclosed in the related paragraphs.

2.3 The new standards, amendments and interpretations

i) **The new standards, amendments and interpretations which are effective as at January 1, 2024 are as follows:**

Amendments to IAS 1- Classification of Liabilities as Current and Non-Current Liabilities

In January 2020 and October 2022, IASB issued amendments to IAS 1 to specify the requirements for classifying liabilities as current or non-current. According to the amendments made in October 2022 if an entity's right to defer settlement of a liability is subject to the entity complying with the required covenants at a date subsequent to the reporting period ("future covenants"), the entity has a right to defer settlement of the liability even if it does not comply with those covenants at the end of the reporting period. In addition, October 2022 amendments require an entity to provide disclosure when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months. This disclosure must include information about the covenants and the related liabilities. The amendments clarify that the requirement for the right to exist at the end of the reporting period applies to covenants which the entity is required to comply with on or before the reporting date regardless of whether the lender tests for compliance at that date or at a later date. The amendments also clarified that the classification of a liability is unaffected by the likelihood that the entity will exercise its right to defer settlement of the liability for at least twelve months after the reporting period. The amendments must be applied retrospectively in accordance with IAS 8. The Group is in the process of assessing the impact of the amendments on financial position or performance of the the Group.

Amendments to IFRS 16 - Lease Liability in a Sale and Leaseback

In September 2022, the Board issued amendments to IFRS 16. The amendments specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognize any amount of the gain or loss that relates to the right of use it retains. In applying requirements of IFRS 16 under "Subsequent measurement of the lease liability" heading after the commencement date in a sale and leaseback transaction, the seller lessee determines 'lease payments' or 'revised lease payments' in such a way that the seller-lessee would not recognize any amount of the gain or loss that relates to the right of use retained by the seller-lessee. The amendments do not prescribe specific measurement requirements for lease liabilities arising from a leaseback. The initial measurement of the lease liability arising from a leaseback may result in a seller-lessee determining 'lease payments' that are different from the general definition of lease payments in IFRS 16. The seller-lessee will need to develop and apply an accounting policy that results in information that is relevant and reliable in accordance with IAS 8. A seller-lessee applies the amendments retrospectively in accordance with IAS 8 to sale and leaseback transactions entered into after the date of initial application of IFRS 16. The Group is in the process of assessing the impact of the amendments on financial position or performance of the the Group.

Amendments to IAS 7 and IFRS 7 - Disclosures: Supplier Finance Arrangements

The amendments issued in May 2023 specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. Supplier finance arrangements are characterized by one or more finance providers offering to pay amounts an entity owes its suppliers and the entity agreeing to pay according to the terms and conditions of the arrangements at the same date as, or a date later than, suppliers are paid.

2.3 The new standards, amendments and interpretations

i) The new standards, amendments and interpretations which are effective as at January 1, 2024 are as follows:

Amendments to IAS 7 and IFRS 7 - Disclosures: Supplier Finance Arrangements

The amendments require an entity to provide information about terms and conditions of those arrangements, quantitative information on liabilities related to those arrangements as at the beginning and end of the reporting period and the type and effect of non-cash changes in the carrying amounts of those liabilities. In the context of quantitative liquidity risk disclosures required by IFRS 7, supplier finance arrangements are also included as an example of other factors that might be relevant to disclose. The amendments did not have a significant impact on the financial position or performance of the the Group.

ii) Standards issued but not yet effective and not early adopted

Standards, interpretations and amendments to existing standards that are issued but not yet effective up to the date of issuance of the interim condensed consolidated financial statements are as follows. The Group will make the necessary changes if not indicated otherwise, which will be affecting the interim condensed consolidated financial statements and disclosures, when the new standards and interpretations become effective.

Amendments to IFRS 10 and IAS 28 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

In December 2015, IASB postponed the effective date of this amendment indefinitely pending the outcome of its research project on the equity method of accounting. Early application of the amendments is still permitted.

The Group will assess the effects of the amendments after the new standards have been finalized.

Amendments to IAS 21 - Lack of exchangeability

In August 2023, the Board issued amendments to IAS 21. The amendments specify how an entity should assess whether a currency is exchangeable and how it should determine a spot exchange rate when exchangeability is lacking. When an entity estimates a spot exchange rate because a currency is not exchangeable into another currency, it discloses information that enables users of its financial statements to understand how the currency not being exchangeable into the other currency affects, or is expected to affect, the entity's financial performance, financial position and cash flows. The amendments will be effective for annual reporting periods beginning on or after 1 January 2025. Early adoption is permitted but will need to be disclosed. When applying the amendments, an entity cannot restate comparative information. The Group is in the process of assessing the impact of the amendments on financial position or performance of the the Group.

2.3 The new standards, amendments and interpretations

ii) Standards issued but not yet effective and not early adopted

Amendments to IFRS 9 and IFRS 7 – Classification and measurement of financial instruments

In May 2024, the Board issued amendments to the classification and measurement of financial instruments (amendments to IFRS 9 and IFRS 7). The amendment clarifies that a financial liability is derecognised on the ‘settlement date’. It also introduces an accounting policy option to derecognise financial liabilities that are settled through an electronic payment system before settlement date if certain conditions are met. The amendment also clarified how to assess the contractual cash flow characteristics of financial assets that include environmental, social and governance (ESG)-linked features and other similar contingent features as well as the treatment of non-recourse assets and contractually linked instruments. Additional disclosures in IFRS 7 for financial assets and liabilities with contractual terms that reference a contingent event (including those that are ESG-linked), and equity instruments classified at fair value through other comprehensive income are added with the amendment. The amendment will be effective for annual periods beginning on or after 1 January 2026. Entities can early adopt the amendments that relate to the classification of financial assets plus the related disclosures and apply the other amendments later. The new requirements will be applied retrospectively with an adjustment to opening retained earnings. The amendments did not have a significant impact on the financial position or performance of the Group.

Annual Improvements to IFRS Accounting Standards – Volume 11

In July 2024, the IASB issued Annual Improvements to IFRS Accounting Standards – Volume 11, amending the followings:

- *IFRS 1 First-time Adoption of International Financial Reporting Standards – Hedge Accounting by a First-time Adopter:* These amendments are intended to address potential confusion arising from an inconsistency between the wording in IFRS 1 and the requirements for hedge accounting in IFRS 9.
- *IFRS 7 Financial Instruments: Disclosures – Gain or Loss on Derecognition:* The amendments update the language on unobservable inputs in the Standard and include a cross reference to IFRS 13.
- *IFRS 9 Financial Instruments – Lessee Derecognition of Lease Liabilities and Transaction Price:* IFRS 9 has been amended to clarify that, when a lessee has determined that a lease liability has been extinguished in accordance with IFRS 9, the lessee is required to apply derecognition requirement of IFRS 9 and recognise any resulting gain or loss in profit or loss. IFRS 9 has been also amended to remove the reference to ‘transaction price’.
- *IFRS 10 Consolidated Financial Statements – Determination of a ‘De Facto Agent’:* The amendments are intended to remove the inconsistencies between IFRS 10 paragraphs.
- *IAS 7 Statement of Cash Flows – Cost Method:* The amendments remove the term of “cost method” following the prior deletion of the definition of ‘cost method’.

Improvements are effective for annual reporting periods beginning on or after 1 January 2026. Earlier application is permitted for all. The amendments did not have a significant impact on the financial position or performance of the Group.

2.3 The new standards, amendments and interpretations

ii) Standards issued but not yet effective and not early adopted

IFRS 18 – The new Standard for Presentation and Disclosure in Financial Statements

In April 2024, IASB issued IFRS 18 which replaces IAS 1. IFRS 18 introduces new requirements on presentation within the statement of profit or loss, including specified totals and subtotals. IFRS 18 requires an entity to classify all income and expenses within its statement of profit or loss into one of five categories: operating; investing; financing; income taxes; and discontinued operations. It also requires disclosure of management-defined performance measures and includes new requirements for aggregation and disaggregation of financial information based on the identified ‘roles’ of the primary financial statements and the notes. In addition, there are consequential amendments to other accounting standards, such as IAS 7, IAS 8 and IAS 34. IFRS 18 and the related amendments are effective for reporting periods beginning on or after 1 January 2027, but earlier application is permitted. IFRS 18 will be applied retrospectively.

The Group is in the process of assessing the impact of the amendments on financial position or performance of the the Group.

IFRS 19 – Subsidiaries without Public Accountability: Disclosures

In May 2024, the Board issued IFRS 19, which allows eligible entities to elect to apply reduced disclosure requirements while still applying the recognition, measurement and presentation requirements in other IFRS accounting standards. Unless otherwise specified, eligible entities that elect to apply IFRS 19 will not need to apply the disclosure requirements in other IFRS accounting standards. An entity that is a subsidiary, does not have public accountability and has a parent (either ultimate or intermediate) which prepares consolidated financial statements, available for public use, which comply with IFRS accounting standards may elect to apply IFRS 19. IFRS 19 is effective for reporting periods beginning on or after 1 January 2027 and earlier adoption is permitted. If an eligible entity chooses to apply the standard earlier, it is required to disclose that fact. An entity is required, during the first period (annual and interim) in which it applies the standard, to align the disclosures in the comparative period with the disclosures included in the current period under IFRS 19.

The amendments are not applicable for the Group and will not have an impact on the financial position or performance of the Group.

2.3 The new standards, amendments and interpretations

iii) The amendments which are effective immediately upon issuance

Amendments to IAS 12 - International Tax Reform – Pillar Two Model Rules

In May 2023, the Board issued amendments to IAS 12, which introduce a mandatory exception in IAS 12 from recognizing and disclosing deferred tax assets and liabilities related to Pillar Two income taxes. The amendments clarify that IAS 12 applies to income taxes arising from tax laws enacted or substantively enacted to implement the Pillar Two Model Rules published by the Organization for Economic Cooperation and Development (OECD). The amendments also introduced targeted disclosure requirements for entities affected by the tax laws. The temporary exception from recognition and disclosure of information about deferred taxes and the requirement to disclose the application of the exception apply immediately and retrospectively upon issue of the amendments.

The amendments did not have a significant impact on the financial position or performance of the Group.

2.4 Seasonality on Operations

Due to seasonality of air passenger transportation, it's expected to incur higher revenues in the second half of the year compared to the first half. Besides, as a result of higher sales with the effect of summer season and growth in operations of the Company, trade receivables and passenger flight liabilities increased as of 30 September 2024 compared to last year-end.

2.5 Going Concern

The Group has prepared its financial statements in accordance with the going concern principle.

NOTE 4 - SEGMENT REPORTING

The Group is managed as a single business unit that provides low fares airline-related services, including scheduled services, charter services, ancillary services and other services. The Group's Chief Operating Decision Maker is the Board of Directors. The resource allocation decisions are based on the entire network and the deployment of the entire aircraft fleet. The objective in making resource allocation decisions is to maximise consolidated financial results, rather than results on individual routes within the network. All other assets and liabilities have been allocated to the Group's single reportable segment.

NOTE 5 - RELATED PARTY TRANSACTIONS

The ultimate parent and controlling party of the Group is Esas Holding. The Group has a number of operating and financial relationships with its shareholders and other entities owned by its shareholders (which will be referred to as "other related parties" below). The related party receivables and payables resulting from operating activities are generally not secured and interest free.

NOTE 11 - PROVISIONS, CONTINGENT ASSETS AND LIABILITIES

Litigation

The Group is involved in lawsuits and claims that have been filed against, the total claims constituted by which, excluding reserved rights for claiming excess amounts, risk of litigation and interest, is EUR 4.878.108 as of 30 September 2024 (31 December 2023: EUR 4.249.941). These lawsuits and fines have been evaluated by the Group's management and a litigation provision of EUR 1.321.146 (31 December 2023: EUR 1.020.572) has been provided against claims for which management believes it is probable it will be required to make a payment.

Tax Inspection

The Group's VAT transactions regarding loyalty card practices in year 2018 have been examined in 2020. The Company have been notified with a report stating "no subject to be examined have been found" in May 2021. However the judgement commission has objected this verdict and EUR 51.165 (equivalent of TL 1.780.660) tax assessment has been declared to the Company. Against the assessment, the Company filed a tax lawsuit on September 6, 2021, the counterparty's petition was received on October 25, 2021 and the petition was answered on November 23, 2021.

The 7th Tax Court of Istanbul decided to accept the Company's case and rejected all assessments on June 29, 2022, and the defendant Revenue Administration objected to the decision in August and submitted the petition of appeal to the Tax Court. The petition of appeal was notified to the Company on September 28, 2022, and it was answered within one month. Following the rejection of the opposite party's appeal, this time an appeal was made, and the defendant's appeal was served in April 2023. This petition was also answered by the Company within the time limit. The said lawsuit continues as of 30 September 2024. The Company has not recognised any provision in the financial statements in line with the opinions received from its lawyers regarding the aforementioned case.

NOTE 11 - PROVISIONS, CONTINGENT ASSETS AND LIABILITIES

Passenger Service Fee

T&T Havalimanı İşletmeciliği İnşaat Sanayi ve Ticaret Şirketi Limited filed three lawsuits against the Company before North Cyprus Lefkoşa Court of First Instance with claims of EUR 765.689, EUR 988.985 and EUR 475.031, respectively. All three lawsuits act on same claims and the airports no. 5/2013 whereby the plaintiff, as the operator of the Ercan Airport under North Cyprus Airports Services and Charges Law, claims EUR 15 passenger service fee for each Turkish Army Staff member traveling on the Company flights for the period between March 2013 and August 2020. Turkish Army Staff departing from North Cyprus are subject to an exemption from this fee under the law. The plaintiff's argument is based on the assumption that the Company has not carried any Turkish Army Staff members in this period of time. The Court of First Instance merged the first two lawsuits and rendered a judgment against the Company for a total principal payment obligation of EUR 1.679.114,2. The Company argues the legal prohibition to produce the documentation on traveling Army personnel requested by the airport operator, and further suggests that the additional controls sought by the airport operator is the responsibility of the airport operator. A judgment has not been rendered on the third lawsuit. The Company filed objection against the judgments rendered by the Court of First Instance. Considering that the claims do not rely on specific evidence and is judged on unreasonable assumptions, further taking into account the ongoing legal process, no contingency has been set aside for these lawsuits.

NOTE 12 - COMMITMENTS

NOTE 23 - NATURE AND LEVEL OF RISKS DERIVING FROM FINANCIAL INSTRUMENTS

Financial Risk Factors

The Group's activities expose financial risks: market risk (including currency risk, fair value interest rate risk, cash flow interest rate risk and price risk), credit risk and liquidity risk. The Group's overall risk management plan focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. The Group uses derivative financial instruments to hedge certain risk exposures.

Market risk

The Group's activities expose primarily to the financial risks of changes in foreign currency exchange rates, fuel price and interest rates. The Group enters into a variety of derivative financial instruments to manage exposure to foreign currency, fuel price and interest rate risk.

Foreign currency risk management

The Group has transactions in non-Euro currencies including Turkish Lira revenues, US Dollar borrowings and fuel purchases. These non-Euro denominated transactions expose the Group to foreign currency risk. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

Financial Risk Factors

Foreign currency risk management

Foreign currency sensitivity

The Group is exposed to foreign exchange risk arising primarily with respect to the US Dollar and Turkish Lira. The following table details the Group's sensitivity to a 10% increase and decrease in US Dollar, and TL. 10% is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the possible change in foreign exchange rates. The sensitivity analysis includes only outstanding foreign currency denominated items and adjusts their translation at the period end for a 10% change in foreign currency rates.

Foreign currency sensitivity tables as of 30 September 2024 and 31 December 2023 are as follows:

NOTE 24 - FINANCIAL INSTRUMENTS (FAIR VALUE AND HEDGE ACCOUNTING DISCLOSURES)

Fair Value of Financial Instruments

The fair values of financial assets and financial liabilities are determined and grouped as follows:

- Level 1: the fair value of financial assets and financial liabilities with standard terms and conditions and traded on active liquid markets are determined with reference to quoted market prices:
- Level 2: the fair value of other financial assets and financial liabilities (excluding derivative instruments) are determined in accordance with generally accepted pricing models based on discounted cash flow analysis using prices from observable current market transactions; and
- Level 3: the fair value of financial assets and liabilities are determined by the input that does not reflect an actual data observed in the market while finding the fair value of an asset or liability.

NOTE 26 – INCOME TAX EXPENSE

The Group is subject to corporate tax applicable in Türkiye. The corporate tax rate in Türkiye is applied as 25% for the 2023 taxation period. It continues to be applied as 25% for the 2024 taxation period. While calculating deferred tax on temporary differences, the Company takes into account the tax rates applicable at the date of closing of the temporary differences.

The tax expense components of 30 September 2024 and 30 September 2023 are presented below:

	1 January- 30 September 2024	1 January- 30 September 2023
Tax income/(expense)		
- Deferred tax income/(expense)	(12.213.485)	(12.420.529)
Total tax income/(expense)	(12.213.485)	(12.420.529)

The Group's earnings from investments tied to an incentive certificate are subject to corporate tax at discounted rates, starting from the accounting period in which the investment is partially or fully operational, until the investment contribution amount is reached. In this context, tax advantage amounting to EUR 196.128.593 (31 December 2023: EUR 143.218.297) that the Group will benefit from in the foreseeable future as of 30 September 2024 is reflected in the interim condensed consolidated financial statements as a deferred tax asset. As a result of the recognition of the mentioned tax advantage as of 30 September 2024, deferred tax income amounting to EUR 48.756.631 has recognised in the interim condensed consolidated profit or loss statement for the period 1 January - 30 September 2024.

Deferred tax assets are recognized when it is determined that taxable income is likely to occur in the coming years. In cases where taxable income is likely to occur, deferred tax assets are calculated over deductible temporary differences, tax losses and tax advantages vested in indefinite-lived investment incentives that allow reduced corporate tax payments. In this context, the Group bases the reflection of deferred tax assets arising from investment incentives in the interim condensed consolidated financial statements on long-term plans and evaluates the recoverability of deferred tax assets related to these investment incentives as of each reporting date. This evaluation is conducted based on business models that include estimations of taxable profits.

In the sensitivity analysis carried out as of 30 September 2024, when the inputs in the basic macroeconomic and sectoral assumptions that make up the business plans are increased/decreased by 10%, the duration of the foreseen period for recognizing deferred tax assets related to investment incentives remains unchanged.
